Good afternoon Nicola

Please see attached an amended aerial photo plan of the site, which shows the tree location in the wider context, and a North arrow.

Hopefully, this will allow you to accept the documents for the application, but if it is not appropriate, then please let me know what we can do to progress.

Just one point about the plan, is that the aerial imagery does not show the recently completed development adjacent to site, although I don't think this should be an issue with regards to what we need to show.

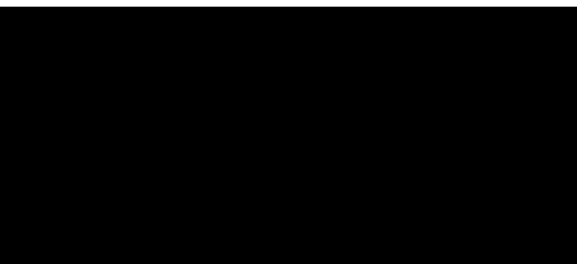

Trust this assists, but please do not hesitate to contact me should any further clarification be needed.

With best wishes,

Lewis

Lewis Fraser

Senior Technician / Surveyor

Please note that we have adapted our working process in response to the COVID 19 situation. Our team are available to

**assist existing and new clients so please do call us [REDACTED]
[REDACTED] if we are taking other calls please do leave a message
and we will respond very quickly.**
