Hi Anita,

I believe the confusion arises from the original drainage application being A/144/19/DOC and consultants etc working from this. The new application A/25/20/DOC relates to current design negotiations and EOT.

To confirm please upload attached information against **A/25/20/DOC**.

I also confirm that an EOT till 21.05.20 on **A/25/20/DOC** is acceptable.

I have contacted Joanna at Urban Forest Consultancy, if you hear from Mark please let me know.

Appreciate the assistance, any issues please feel free to contact me.

Kind regards

James Elsey

Hi James,
I have just realised that the e-mail correspondence refers to A/144/19/DOC not A/25/20/DOC. Can you confirm your EOT agreement until 21-05-2020 relates to the later DOC?
Thanks
Anita

Hi James,

I haven't received any additional information following your e-mail below and you were going to contact Urban Forest Consultancy and get back to me. Given that the current EOT runs out on Friday we will need to agree another, shall we say until 21-05-2020? That will give time for receipt, re-consultation with our Drainage Engineers and response.

Regards

Anita Gardner

Hi Anita,

The first document in these attachments labelled as 'polystorm technical guide' is unable to be indexed on c-cubes in the current format. Please would you be able to ask to agent to send this document in a different format so that it can be uploaded onto the website?

Thanks

Zoe
