Application No: A/266/21/PL
Site Address: Crete House The Beeches Dappers Lane Angmering BN16 4EN
Description of Works: 2 No. 2 storey extensions, replace existing bay window with bi-fold doors on the existing dwelling and the construction of 2 No. 5 bed new dwellings. This application is in CIL Zone 2 and is CIL liable as new dwellings.

Biodiversity

No protected species surveys have been undertaken on the site so we are unable to establish if protected species are present. Prior to determination we require that an extended phase one habitat survey is undertaken on the site to determine if there is potential for protected species. If there is potential for protected species then further surveys would be required. These surveys plus any mitigation strategies required will need to be submitted as part of the planning application prior to determination.

Policy ENV DM5

In line with Policy ENV DM5 of the Arun District Local Plan information on Biodiversity Net Gain needs to be provided as part of the planning application prior to determination. Examples of what we would be expecting to see include;

- Any trees removed should be replaced at a ratio of 2:1
- Wildflower meadow planting used
- Filling any gaps in tree lines or hedgerows with native species
- Bat bricks / tiles are integrated into the buildings onsite facing south/south westerly positioned 3-5m above ground.
- Bird box to be installed on the buildings / and or tree within the garden of the property.
- Grassland areas managed to benefit reptiles.
- Log piles onsite
- We require that gaps are included at the bottom of the fences to allow movement of small mammals across the site
- two hedgehog nesting boxes included on the site

Kind Regards

Liz
