

This architectural drawing shows the elevation of a building facade. The structure features a gabled roof with a chimney on the left side. The facade is composed of several rectangular sections. On the left, there is a small square window. To its right, a larger rectangular section contains two small square windows. Further right, a larger rectangular section contains two small square windows. On the far right, a large rectangular section contains a single large square window. The drawing is a line sketch with some areas shaded in light gray.

A line drawing of a house. The house has a chimney on the roof. A dormer window is located on the side of the house. A side door is visible on the left side of the house. The drawing is simple and uses black lines on a white background.

Scaled dimensions are approximate, take exact dimensions from the drawing.
