Dear Mrs Gardner,

Thank you for your email of 9 August 2021 consulting Highways England regarding the above reserved matters application, seeking a response by 31 August 2021.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

Having examined the above reserved matters application, in relation to planning permission A/44/17/OUT, we are satisfied that these are not of specific relevance to Highways England as they will not result in any material impact to the SRN.

Accordingly, we are content to rely on our previous representation and hence we do not object to this reserved matters application with regards to planning permission A/44/17/OUT.

If you or others have any questions regarding our response, please contact us at

Kind regards

David
