Anita,
Following the provision of the revised plan, no objection is raised to the application.

As noted in my previous correspondence the PROW being 3m and then 2m may encourage cyclists to use the link despite any signage; and
The visitor parking is not well spread through the site.

Neither of these issues would be sufficient for me to raise an objection but are being highlighted to you.

Regards

Stephen

Anita,
Ive again put some comments on the plan.

In essence if some minor changes are made to the SW area of the site inc signage then this would resolve the issues ive raised.
