

Biodiversity Enhancement Statement

Prepared by	Alan Prior MCIAT, Forty Four Design Ltd
Date	13/03/2026
Application number	A/28/26/HH
Address	13 Weavers Ring Angmering BN16 4AJ

In order to enhance the biodiversity at the property the following enhancements are proposed:

Biodiversity Enhancements	Notes
Increase areas of planting particularly native species	Areas of planting can attract wildlife and is generally easy to achieve
Install hedgehog house or tunnel	Allows for a safe environment and allows hedgehogs to roam.
Install bird box	Attracts birds particularly in less rural settings
Select plants to provide a variety of food for wildlife e.g. nectar rich berries/grasses	Selecting particular types of plants can provide food and foraging
Safeguard wildlife habitats and protected species	Habitats that are already established can be protected and enhanced through proper care and maintenance allowing for species to repopulate and flourish
