Dear Sean,

I can informally confirm that the WSI for Land at Dappers Lane, Angmering, is satisfactory. I don't think the application has been determined yet, so formal confirmation will have to wait.

Best wishes,

James

Dear James

We have been commissioned to carry out the necessary archaeological work in respect of the above site, for which a trial trench evaluation is probably appropriate.

I therefore attach our WSI for an evaluation.

Could you please confirm that you are happy with the document, and I will then ask our client to formally submit it to the LPA.

Let me know if you have any comments or queries.

I look forward to hearing from you in the near future.

Kind regards

Sean Wallis
Manager
