Subject: A/31/18/OUT- drainage, committee

Dear Anita,

Further to the enquiry from Laura Gibbons about the drainage plans dated 12.07.18 requiring a comment as to whether the drainage would change.

Robert Clark who provided the drainage design states *The roof area is less and the permeable paving is about the same if not a little more so I am happy with the original design.*

With this confirmed, and the reptile information previously provided, do you have everything you require to formulate your report on this outline planning?

When will we receive confirmation if this is going to committee?

Kind regards,

Charlotte Smith
