Hi Michael,

I believe the landscaping plans etc. are now okay. Please ensure Sue is happy with these latest revisions (JBA-19-283-01 Rev K and JBA-19-283-02 Rev K).

In terms of drainage, I believe the following plans should be detailed under the relevant conditions. Please can we get confirmation from the applicant on revision numbers. Once this confirmation has been provided I will provide a formal response.

Condition 23

- A290-R012 Rev B Suds Maintenance Manual

Condition 25

We have no objections to this. But, the EA should be consulted on this as it is a flood risk activity permit which is required. I haven't seen a FRAP relevant to the headwall.

Condition 26

I understand that this will/ has been applied to vary.
