Afternoon Michael and Katie,

Hope you are both well.

Apologies for the delay in the issue of this. We have been busy confirming the landscaping drawings with the LLFA (Laura Gibbons) prior to submission and it is quite a time-consuming task for our Landscape Architects to overlay the previously agreed landscape masterplan to what is now being proposed.

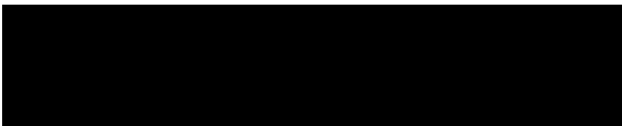

Please find attached Rev. P of the Masterplan which is identical to Rev. O (as submitted under A/31/21/PL) with the exception that it shows the previous location of the trees (identified as red circles). These trees, following comments from the LLFA, have been shifted away from attenuation basins but have been carefully sited to still provide screening and a break-up of hard-standing where necessary. I can confirm that the overall quantum of trees has not reduced from what was originally illustrated and the areas of most concern (i.e. the northern boundary along Water Lane) have remained as previously agreed.

Please do let me know if the Parish Council have any queries on this.

Many thanks,
Sean
