

THOMAS TREES & GARDENS

ARUN DISTRICT COUNCIL

7-MAR 2011
TPO works
RECEIVED

Dear Mr Lee, Thankyou for your enquiry about
to 2 x Monterey pines. (One being the overhang of the
tree in N° 33). I understand your concern and
can only apply for work to be done on the basis
that damage has already been done and that
if branches were removed it would not
unbalance the tree. The reason for removal - - - pto

3 NORRIS COTTAGES • NORTH LANE • EAST PRESTON • WEST SUSSEX • BN16 1HG

would simply be for peace of mind as the branches are very heavy + could cause damage / injury if high winds snapped them. The trees are very strong though. I have forwarded the paperwork to the LPA for them to make a decision on this matter. If they give the go-ahead i will give you an estimate depending on what they allow.

Many Thanks
