Hi Michael

Many thanks for your email which was forwarded to me from Ray.

We've taken a look at this application and note that the original application this relates to was from before WSCC, as LLFA, were statutory consultees. This, along with this being a Reserve Matters application – which is generally concerned with the technical aspect of the drainage design, would be considered by the local District Drainage Engineer – means the LLFA have no comments to submit for this particular application.

Kind Regards
