Comment from Greenspace

Further to submission of application A/38/18/RES I have viewed the documentation LLD1275-LAN-SCH-001 Rev 01 and plans LLD1275-LAN-DWG-201-204 detailed planting plans and can advise that the scheme proposed is comprehensive, detailed and suitable for situation having a varied and appropriate planting mix proposed with a good palate of both evergreen and deciduous trees and shrubs. The trees proposed are sufficient in height to provide instant impact whilst still being an appropriate size to aid establishment.

The plans detail existing trees and measures proposed for their retention and protection to secure their ongoing longevity.

We would therefore advise that I would recommend the approval of reserved matters on this application A/38/18/RES following outline consent A/51/14/OUT.
