A/39/19/WS
St Margarets C of E School, Angmering

I refer to the above application and make the following comments;

In the past we have previously received complaints of noise from school playing fields and this field has relatively close residential neighbours. However, in this case I do not feel that the proposed changes will significantly increase the capacity for noise from the playing fields. The area to be astro turfed is a relatively small extension and will simply extend the size of the area currently available and is no closer to the residential properties than the existing. I don't anticipate the walking mile will create a significant amount of noise.

I therefore have no objections to the application.

Joanne Lewis

Please note my normal working days are Wednesday, Thursday and Friday.
