David

I have been in touch with Ian Hayward from County and he still maintains his highways objection. As such I am afraid that this application will now need to be refused. I have to agree with him that we cannot impose a condition limiting the level of movements into and out of the site as such a condition is not enforceable and is therefore in conflict with government guidance on conditions which stipulate that a condition can only be used if its enforceable.

Morning Juan,

Further to my email last week, I was wondering whether you have spoken with Ian at WSCC yet? I am keen to see if we can finalise the highways aspects before the extended deadline this Friday.

Many thanks

David

Hi Juan,

Sorry for the delay your email went to my mum's emails rather than mine. I have forward this to our planning consultant who is liaising with Ian Hayward at WSCC but is struggling to get contact with him do you know if he is still current? This also explains why he also could not get hold of Tim Bloomfield as well. Our consultant details are:

David Mc Murtary
Motion consultants

Feel free to contact us if we can be further assistance with this or if you wish to speak to our consultant. We appreciate you time and help on this.

Many Thanks

Kind Regards

Dear Mr Burrell

Thank you for agreeing to the latest extension of time (EOT) to the 20 July with my colleague Tracey Headley-Smith. Mr Tim Bloomfield who was the latest contractor to be dealing with this application

departed last Friday and the application is now with me to write up. So as to get up to speed with it can you please extend this EOT by a week to the 27th July? I look forward to your agreement.

Thank you for your cooperation on this application.
