Subject: FW: Planning Performance Agreement to accompany outline planning application for Land North of Water Lane, Angmering

Hi Michael

Please would you ignore my previous response and replace it with ...

Economic Development would be pleased to be involved in the decision regarding the size of the proposed individual units. We have good links with local businesses and are often asked to locate suitable units for growing companies.

We would also ask that the developer signs the Arun Developer and Partner Charter and holds an event to engage with local suppliers, we have held a number of these before and are willing to assist in doing so again, as well as providing and implementing an Employment and Skills Plan.

Planning Performance Agreement between Arun District Council (“the Council”) and Rydon Homes Ltd and Gleeson Strategic Land (“the Applicant”).

Outline planning application for the “development of up to 525 residential dwellings (Class C3), 3 ha (gross) of employment land (Class B1), public open space, play areas, associated infrastructure and landscaping” (“the Proposed Development”).

At

Land North of Water Lane, Angmering (“the Site”)

1. Background and Purpose

The purpose of this Planning Performance Agreement (“PPA”) is to ensure the timely consideration and determination of the planning application for the Proposed Development mentioned above. This PPA establishes a shared commitment by all parties of the PPA agreement to an agreed timetable for the assessment, consideration and determination of the planning application.

This PPA aims to set out the decision-making timeframe to enable the views of third parties to be discussed and, if necessary / possible, any objections to be resolved before the planning application is considered and determined in a manner which satisfies the reasonable expectations of all parties of this PPA. This recognises that whilst the Proposed Development would help to boost the provision of additional housing, all aspects of the Proposed Development and the views of third parties must be properly considered.

Nothing in this PPA obligates the Council to approve the application. It instead establishes a method of collaborative / joint working.

2. Parties

The parties to this PPA are:

Arun District Council (“the Council”)

and

Rydon Homes Ltd and Gleeson Strategic Land (“the Applicant”)

3. Site Description

The Site covers an area of approximately 32.9 hectares to the north east of Angmering.

To the south of the Site is Water Lane, to the North is the A27, to the east is partly an ancient woodland and to the west is existing residential and commercial developments beyond which is Dappers Lane.

4. Description of Development

The application to be submitted seeks outline planning consent, with all matters reserved other than principal means of vehicular access to the highway, for:

5. Key Objectives for this PPA

The aims and objectives of this PPA can be summarised as:

- Clarity
- Transparency
- Managing all expectations
- Giving an indication of timescales
- Setting out the actions of both the Applicant and the Council (including the engagement with their Elected Members, so far as that does not conflict with an Elected Members duty to avoid bias and / or not to pre-determine any future decision with which they are to be involved);
- Nothing in this PPA removes the Council’s statutory powers to grant or refuse planning permission.

6. Project Governance

A dedicated project team, comprising of the Applicant, the Council and key stakeholders, and clear governance arrangements are required to facilitate this complex proposal and ensure the delivery of a high quality development.

This is essential to ensure that all stakeholders are successfully engaged, that the planning application provides all the information that will be needed by the Council to properly assess it, and that Officers are able to meet the agreed programme for a Committee resolution.

Governance arrangements are summarised below and the terms of reference set out at Appendix A.

The other parties will have a period of not less than 10 working days (and no more than 15 working days) within which to comment on and / or address the concerns.
