Subject: FW: A/40/18/OUT: Outline Application with some matters reserved for the development of Land North of Water Lane, Angmering to provide up to 525 residential units plus employment land, public and open spaces, play areas, access and associated infrastructure

Environmental Health: I refer to the Supplementary Technical Note to the Noise Report , provided by Phlorum Environmental Consultants 23 August 2018. While I largely accept the findings of this report, further clarification is required (page 6) of what constitutes 'the 10th Highest Noise Level and how and why this parameter was chosen.
