3. Agent Details

No Agent details were submitted for this application

4. Site Area

What is the measurement of the site area?
(numeric characters only).

74.38

Unit

sq.metres

5. Description of the Proposal

Please describe details of the proposed development or works including any change of use.

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

The area is currently made up of three car ports. The current depth is insufficient to allow an average vehicle to be fully covered within. It is proposed to extend the structure by three metres and turn it into a garage. The structure itself is in a bad state and needs to be taken down and rebuilt. Pre-planning (PAA/136/18/) advice saw no issues with the proposed extension including the taken down and rebuilding of the existing structure as long as it was rebuilt in a tradition style and in-keeping with the remainder of the property.

Additionally a small glass porch is proposed to the front door. This would protect the original door from further deterioration.

Has the work or change of use already started?

☐ Yes ☐ No

6. Existing Use

Please describe the current use of the site

The garage site is currently used as three car ports for storing vehicles and other home and garden items.

Is the site currently vacant?

☐ Yes ☐ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

☐ Yes ☐ No

Land where contamination is suspected for all or part of the site

☐ Yes ☐ No

A proposed use that would be particularly vulnerable to the presence of contamination

☐ Yes ☐ No

7. Materials

Does the proposed development require any materials to be used?

☐ Yes ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material):

Walls

Description of existing materials and finishes (optional):

Brick, flint and mortar construction.

7. Materials

Walls

Description of proposed materials and finishes:

Existing materials will be reused where possible with additional bricks, mortar and flint to match existing.

Roof

Description of existing materials and finishes (optional):

Slate and slate style roof covering used.

Description of proposed materials and finishes:

Existing slates will be reused where possible and supplemented with similar style where required.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

☐ Yes ☐ No

If Yes, please state references for the plans, drawings and/or design and access statement

The design and access statement sets out in general the reuse and type of construction materials to be used. Additionally the following drawings show the materials to be used: PP1A, PP2A, PE1A, PE2A, PE3A, PHE1 and PHE2

☐ Yes ☐ No

Are there any new public rights of way to be provided within or adjacent to the site?

☐ Yes ☐ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

☐ Yes ☐ No

9. Vehicle Parking

Is vehicle parking relevant to this proposal?

☐ Yes ☐ No

10. Trees and Hedges

Are there trees or hedges on the proposed development site?

☐ Yes ☐ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

☐ Yes ☐ No

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of your local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

11. Assessment of Flood Risk

Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)

☐ Yes ☐ No

If Yes, you will need to submit a Flood Risk Assessment to consider the risk to the proposed site.

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

☐ Yes ☐ No

Will the proposal increase the flood risk elsewhere?

☐ Yes ☐ No

How will surface water be disposed of?

23. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application? ☐ Yes ☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title	Mr
First name	Mark

23. Pre-application Advice

Surname	Fraser
Reference	PAA/136/18
Date (Must be pre-application submission)	
06/11/2018	

Details of the pre-application advice received

The proposed development does not seek to introduce any new uses for the application site, and the main assessments of this development will be that of, design and visual amenity, neighbouring residential amenity, the property (which is of special character) and on the Conservation Area.

The proposed development is considered acceptable by reason of compliance with policy D DM4(a) and (b) of the Arun Local Plan because of its subservient and well integrated nature.

In this case, it is considered that the proposed development would have no unacceptable impact on the residential amenities of neighbouring properties, resultant of its siting and design.

The proposed development could be designed such that it would have a neutral impact on the designated Conservation Area. This would be by way of the use of traditional materials, including the use of flint work and traditional garage doors. This flint work could not be in pre-constructed blocks, it would be required to reflect the quality of the existing, traditional work. Existing design details would have to be replicated to a high standard.

The proposal is considered acceptable by reason of it subservience to the main dwelling, and can be designed as to ensure that there would be a design improvement to the building.

Based on the above comments I conclude that were an application for planning permission to be submitted it would be likely to be approved for the reasons set out above.

24. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☒ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

25. Ownership Certificates and Agricultural Land Declaration

CERTIFICATE OF OWNERSHIP - CERTIFICATE A - Town and Country Planning (Development Management Procedure) (England) Order 2015 Certificate under Article 14

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* 'owner' is a person with a freehold interest or leasehold interest with at least 7 years left to run. ** 'agricultural holding' has the meaning given by reference to the definition of 'agricultural tenant' in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
