Hi Daun

Please see attached -- hoping this is all that is required now.

Surface Water Drainage statement. All roof surface water will be drained into soakaway from all rain water pipes

Subject: RE: Subject: RE: Message from "nrg-planning2" PAUL LANGMEAD - ROUNDSTONE FARM A/42/14/PL

Ms Hill,

Thank you for the plan. It is now correct.

Before I can validate the application, I still need a Validation Checklist and a Biodiversity Checklist both of which can be found on our website (www.arun.gov.uk).

Also, I am still awaiting a Surface Water Drainage statement. All roof surface water will be drained into soakaway from all rain water pipes

Thank you,
Mrs Johnson

Floor plan is attached and shows the door that is shown on the East elevation.

Hope this is OK now

Thanks Kate

Ms Hill,

Thank you for the plans you emailed me.

The Location plan is now acceptable as is the Block plan.

The floor plan needs to show the door that is shown on the East elevation.

I still require a surface water drainage statement, a local validation checklist and a biodiversity checklist, both which can be found on our website (www.arun.gov.uk).

Thank you,
Mrs Johnson

Good Afternoon Mrs Johnson

Please see attached new planning drawings

Biodiversity Checklist
The site is not of special scientific interest area

Thanks very much - hope this is all you require now

Kate Hill

Ms Hill,

Thank you for the attachments you sent. I have added the DAS to the application.

Unfortunately, I still require a location plan with one named road, a block plan with one named road and the measurements from the proposal to the site boundary (I note that the measurements are stated in the DAS, however, the measurements must be on the block plan), proposed floor plans, proposed roof plans, a surface water drainage statement, the Local Validation Checklist and the Biodiversity Checklist.

If you have any questions, please do not hesitate to contact me.

Thank you,
Mrs Johnson
