Mr D Easton

20th April 2017

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application (with all matters reserved) for demolition of existing buildings on site and the erection of a mixed use development comprising up to 90No. residential units and a care home (Use Class C2 and C3) & ancillary facilities, including railway crossing, together with associated access, car parking & landscaping. Departure from the Development Plan. This application also falls within the parishes of Littlehampton & Rustington.

Land west of Brook Lane and South of A259 Angmering

Thank you for your internet representation made on 19th April 2017 which has been recorded as '**an objection**' with the comments as follows:

I object to the proposed development for the following reasons:

- 1. The proposed housing will place additional strain on the local schools. My children attend Summerlea School which has already taken an additional reception class in the 2013/4 and 2016/7 academic years. I understand that other local school have also had the burden of taking on additional reception classes to meet the demand of the many recent housing developments in the area.*
- 2. The local infrastructure (doctors, dentists etc) are already hugely overstretched. The additional population from the proposed housing and care home will only place further strain on these services.*
- 3. To insert a dementia care home between a busy dual carriageway and a railway line seems irresponsible.*
- 4. Access to the new development will increase the risk of serious accidents on the A259.*
- 5. The local area already suffers huge traffic congestion, the proposed plan will only add to further traffic problems in the area.*
- 6. The proposed footbridge and walkway between the planned development and the Worthing Road (B2187) will be isolated due to its location between the allotments and Dominion Way Trading Estate. This raises concerns for the safety of people using this walkway, particularly at night.*

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
