Dear Mr.Easton

It is very concerning to learn that planning permission has been applied for to build properties between the A259 Angmering South and the Land west of Brook Lane.

Being a home owner within the direct vicinity I wonder whether ARUN District Council will permit such act – and consider the effects to those directly in the area.

This will have dire consequences on the current land scape – having recently had to tolerate the building of commercial industrial properties just to the East of this new proposal.

Will you soon be considering my back garden ? – and also wonder whether you have in mind the compensation to the current home owners within the area...

I would like to Appeal to you and the Council not to proceed with such alarming proposal.

Yours Sincerely
