Thank you for your internet representation made on 26th April 2017 which has been recorded as **'an objection'** with the comments as follows:

I'm a house owner live at Drewetts close, who love looking out the kitchen windows to my back garden to see / watch the wildlife etc Mr Fox, Peter Rabbits and Red Robins, Bird of Preys and many more. my kids are loving the railways line to watch out of their bedrooms. My cats loving bring their gifts of Voles, Jerry the mouses to us! It would be shame to spoilt it all by put building houses on the fields, I'm not entirely happy to have the view of houses on there because of privates. it can be seen easily with my tall town house. Also for the railways level cross close by - I am worries for health and safety for my three young children. I'm worries about the noise of the main roads which can be louds at nearby - I have to switches off my hearing aids to go out the garden. I am sure if people move in the new houses on the field won't be stay long on the house and move out because of the roads noises. The houses would be sitting empty and waste after few years. Such a eye sore if that is to happen. It would devalue my house which its not my aims, when I brought my home for my children's root. I wish to OBJECT to build on the fields and to leave it as it is, would be nice of you add horses rather than houses.
