Dear Ms Johnson, The security fence is 1.8m high above the level of the car park, with the retaining wall projecting up 300mm above the car park level to the outside of the fence. The top of the retaining wall is 700mm above existing ground levels where section BB cuts through, and 545mm at section AA.

I hope this is what you need but please let me know if you require further clarification
Kind regards

Paul Airey

Mr Airey,

Can you please confirm the height of the fence and retaining wall?

Thank you,
