

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management
Procedure) (England) Order 2015
Application for Planning Permission
DECISION NOTICE

Application Ref: A/44/18/PL

1 To Addressee

Paul Airey Planning Associates Ltd
 65 Harefield
 Esher
 Surrey
 KT10 9TG

2 Site Address

The Vinery
 Arundel Road

 BN18 9PY

3 Description of Development

Land raising & use of land for car parking

In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans:
 17029-A-PL21 revC , 17029 A-PL22 revC Proposed Site Layout and Sections.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy DDM1 of the Arun District Local Plan.

- 3 No movement of soil shall be commenced until such time as plans and details have been submitted to and approved in writing by the Local Planning Authority showing the site set up during construction. This shall include details for all temporary contractors buildings, plant and stacks of materials, provision for the temporary parking of contractors vehicles and the loading and unloading of vehicles associated with the implementation of this development. Such provision once approved and implemented shall be retained throughout the period of construction.

Reason: To avoid undue congestion of the site and consequent obstruction to access in accordance with policy TSP1 of Arun Local Plan.

- 4 No movement of soil shall be carried out on the site unless and until an effective vehicle wheel-cleaning facility has been installed in accordance with details provided by the Local Planning Authority and such facility shall be retained in working order and throughout the period of work on site to ensure the vehicles do not carry mud and earth on to the public highway, which may cause a hazard to other road users.

Reason: In the interests of road safety in accordance with policy TSP1 of Arun Local Plan.

- 5 The development shall proceed in accordance with the Ecological Assessment dated 17-09-2018.

Reason: To safeguard the ecology of the area, and in the interests of bats/birds to ensure that a habitat remains for them during and after development in accordance with policy ENV DM3 of Arun Local Plan.

- 6 Prior to the commencement of development, a detailed remediation scheme to ensure that the site is suitable for the intended use (by removing unacceptable risks to human health, buildings and other property and the natural and historical environment) must be submitted to and approved in writing by the Local Planning Authority (LPA). The scheme must describe all the relevant works to be undertaken including, the proposed remediation objectives and performance criteria, a schedule of works and site management protocols. The scheme must deliver a site that will not qualify as 'contaminated land' under Part 2A of the Environmental Protection Act 1990, having regard to the intended use of the land after remediation.

Reason: To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with Arun District Local Plan policy QE DM4. This is required to be a pre-commencement condition because these details have to be agreed and in place before any work commences.

7

If 'unexpected' contamination is found at any time when carrying out the approved development it must be reported in writing to the Local Planning Authority (LPA). An investigation and risk assessment must be undertaken in accordance with the requirements set out by the LPA and where remediation is necessary, a remediation scheme must be prepared in accordance and with the written approval of the LPA. Following completion of the remediation scheme a verification report that demonstrates the effectiveness of the remediation carried out must be prepared and submitted for approval in writing by the Local Planning Authority.

Reason: To ensure that risks from land contamination to the future users of land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors accordance with Arun Local Plan policy QE DM4 .

INFORMATIVE: Any materials brought in to the site to facilitate the raising of the land need to be free from any contamination.

INFORMATIVE: The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received. For further information please contact the Environmental Health Department on 01903 73750

INFORMATIVE: The applicant should note that under Part 1 of the Wildlife and Countryside Act 1981, with only a few exceptions, it is an offence for any person to intentionally take, damage or destroy the nest of any wild birds while the nest is in use or being built. Birds nest between March and September and therefore removal of dense bushes, ivy or trees or parts of trees etc. during this period could lead to an offence under the act.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Date of Decision:

26 September 2018

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 12 weeks of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on highway land).
