Hi,

Please add both of the attached. The first is an additional document (statement), the second is a plan. The Statement needs redacting.

Can you also supersede ID33

Can you re-consult ECO for 14 days.

Thanks

Simon

Good morning Simon,

Please find attached the bat and bird box details, as discussed. I trust this is all as required but if you do require anything further in respect of this, please don't hesitate to get in touch.

Though it is certainly pleasing to see that no objections have been submitted by any of the wider statutory consultees, I'm conscious that we're still awaiting a copy of the Council's Drainage Engineers' consultation response. Do you know when this is likely to be submitted?

I'd also be grateful if you could please confirm whether this application is likely to be determined under delegated authority? Provided no wider concerns are raised, and a revised S106 can be agreed beforehand, would a determination by the 28th July (if not sooner) be feasible?

Kind regards,

Ollie
