Dear Mr Crowther,

I am writing regarding the above planning application as a resident of the Mayflower Meadow development, where I live, pay council tax, and contribute to the service charge for the estate.

I write in support of the application and wish to raise a concern regarding the objections of certain parties who no longer reside here.

It is my understanding that some of those submitting objections to this application have since left the development — and indeed the area — of their own choosing. As they are no longer residents, they do not live with the day-to-day reality of this community, nor do they contribute to it financially or otherwise. I would therefore respectfully ask that the planning authority give appropriate consideration to the standing of such objectors, and that the views of those of us who continue to reside here and have a genuine, ongoing interest in the outcome are given due weight.

Sigma Homes has, in my view, worked to meet its obligations in relation to this application. The prolonged uncertainty has had a real impact on our community, and I hope that the perspectives of current residents will be given the prominence they deserve.

Yours sincerely,

Matilda Glover
