I am a homeowner on Platinum Way in Angmering and would like to submit my support for the retrospective planning application.

I purchased my property in good faith at a time when planning permission had already been granted. It is my sole residence, and as I am now retired, I own it outright. I had expected this stage of my life to be one of stability and security in my home.

The ongoing uncertainty surrounding the planning position has been very difficult to accept. Instead of feeling settled, I have faced continued concern about what the future may hold. This situation is not something I ever anticipated encountering later in life, and it has understandably caused a great deal of worry and disruption.

It is also important to recognise that independent surface water monitoring was undertaken during a particularly wet winter, one of the most severe in recent years. The results confirmed that the drainage systems are operating effectively, providing reassurance that there are no issues in this regard.

This application relates only to properties that are already built and occupied. I respectfully ask that it is considered fairly and with an understanding of the impact that this prolonged uncertainty is having on residents such as myself. A positive decision would provide much-needed reassurance and allow me, and others in the same position, to feel secure in our homes once again.

For these reasons, I support the granting of retrospective planning permission.

Your views as made above will be considered before the application is determined.
