I am writing as a homeowner on Platinum Way in Angmering to register my support for the retrospective planning application.

When I purchased my property, planning consent had already been granted, and I did so in good faith. This is my only home, and as I am now retired, it represents both my financial security and my place of comfort. I own the property outright and had expected to spend this stage of my life feeling settled and free from uncertainty.

Unfortunately, the current situation has brought with it a great deal of concern. Rather than enjoying the stability I had planned for, I have found myself dealing with ongoing worry about circumstances entirely outside of my control. This has been particularly challenging given my expectation of a quieter and more secure retirement.

It is also worth highlighting that independent monitoring of surface water drainage took place during one of the wettest winters in recent memory. The results confirmed that the drainage systems are performing as they should, and no issues were identified, which should provide reassurance in relation to this aspect of the site.

The application itself relates only to properties that are already built and lived in. I would therefore respectfully ask that it is considered with fairness and sensitivity, bearing in mind the impact that this situation has had on residents like myself. Reaching a positive decision would bring much-needed certainty and allow us to feel secure in our homes once again.

For these reasons, I support the approval of this retrospective planning application.

Your views as made above will be considered before the application is determined.
