I am writing to express our support for the retrospective planning application submitted by Sigma for the Platinum way development in Angmering.

I understand there were previous concerns around surface drainage for the site. Sigma have addressed and effectively mitigated these concerns and after a particularly wet winter we have been assured the water levels have remained within the threshold. We feel satisfied that the system Sigma have implemented has adequately addressed these concerns.

As residents of the site, we have been deeply affected mentally and financially by the uncertainty around the planning permission.

During this process, we welcomed another child into our family at a time when we should have felt safe. Now we are faced with the very real prospect of being homeless with 2 infants.

We hope that Sigma's efforts can be recognised, considerations made for the impact to the residents and that the planning application can be approved.

Your views as made above will be considered before the application is determined.
