Thank you for your internet representation made on 11th May 2026 which has been recorded as support with the comments as follows:

As a homeowner on Platinum Way in Angmering, I wish to formally express my support for the retrospective planning application.

I purchased my home in good faith, and it is the only property I own. It represents a significant personal and financial commitment, made on the understanding that all necessary permissions and approvals were in place at the time of purchase. Like many other residents, I secured the property with a mortgage and entered into this commitment with the expectation of long-term stability.

The ongoing uncertainty surrounding the planning position has resulted in considerable financial and emotional strain. I have been unable to access competitive remortgage options and have instead faced restricted and often more costly alternatives. This situation has created significant stress, particularly given the broader implications. The prospect of the application being refused is deeply concerning, as it could place my home and financial security at serious risk through no fault of my own.

During the past winter, which saw exceptionally high levels of rainfall, independent monitoring of surface water drainage was conducted on site. The findings confirmed that the system is operating effectively, with no issues identified. It is also important to emphasise that this application does not seek any form of expansion or intensification of development, but rather aims to regularise the status of homes that are already built and occupied.

I respectfully request that the application is considered in a balanced and pragmatic manner, taking into account the real and ongoing impact on residents who acted in good faith and are now facing prolonged uncertainty.

In light of the above, I strongly support the approval of retrospective planning permission.

Your views as made above will be considered before the application is determined.
