Description of works: Retention of 40 No dwellings (after demolition of previous buildings) and associated operations (resubmission following A/115/25/PL). This application is in CIL Zone 2 and is CIL Liable as new dwellings .

Thank you for your internet representation made on 12th May 2026 which has been recorded as support with the comments as follows:

OWPC83475

As a homeowner in Platinum Way, Angmering, I would like to confirm my support for the retrospective planning application.

I bought my property in good faith at a time when planning permission was already in place, and it remains my sole and principal residence. Now being retired, I own my home outright, and had anticipated enjoying a stable and secure environment at this stage of my life. The ongoing uncertainty surrounding the planning situation has been very difficult to deal with. At a time when I had expected peace of mind, I have instead been faced with continued worry about the future. This is not something I ever envisaged encountering in later life, and it has caused both distress and unease.

It is also important to note that independent monitoring of surface water drainage was carried out during a particularly wet winter, one of the most severe in recent years. The results demonstrated that the drainage arrangements are functioning properly, thus providing reassurance that there are no underlying issues.

The application relates solely to homes that have already been built and are fully occupied.

I would respectfully ask that it is considered in a fair balanced and understanding manner, recognising the impact that prolonged uncertainty is having on residents such as myself. A favourable decision would bring much-needed reassurance and allow us to move forward with confidence.

For these reasons, I am in support of the retrospective planning permission being granted.

Your views as made above will be considered before the application is determined.
