This application is a Departure from the Development Plan and is in CIL Zone 3 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 27th March 2022 which has been recorded as an objection with the comments as follows:

OWPC45707

This application has already been turned down, and apart from a small reduction in the number of properties being built nothing has changed. The exit on to the A259 is a accident black spot. The current roads already can't cope with the amount of traffic. The local schools and doctors are full and with the housing that has already been passed in the local area there are problems getting appointments. Also with the climate emergency this development should be rejected. Finally as the local water company can't cope with the current level of sewage and have been fined heavily.

Your views as made above will be considered before the application is determined.
