Thank you for your internet representation made on 22nd April 2022 which has been recorded as an objection with the comments as follows:

OWPC46958

We need more green spaces in the area not less, given the current climate crisis it would be better for future generations to preserve the green spaces we have to help lessen the effects of climate change. The new houses that have already been built are expensive and also whilst they say for first time buyers first most start from £400'000 which is crazy.

Your views as made above will be considered before the application is determined.
