Dear Ms Sharp,

Thank you for your email of 30 August 2022 consulting National Highways regarding the above application seeking a response no later than 29 September 2022. Apologies for our delay in sending this response.

We have been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

We will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN; in this case, particularly the A27/Arundel Road junction.

We are satisfied that the proposals in this reserved matters application will not materially affect the safety, reliability and/or operation of the strategic road network (the tests set out in DfT Circular 02/2013, particularly paragraphs 9 & 10 and MHCLG NPPF 2021 paragraphs 110-113) in this location and its vicinity. Therefore we do not object to this reserved matters application.

Should you have any queries regarding our response, please do not hesitate to contact us at

Kind regards
Diana
