☐ Yes ☐ No

Do you know the Tree Preservation Order reference number(s)

☐ Yes ☐ No

Please enter the title or number for each relevant Tree Preservation Order

(Believed) TPO/A/4/75

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall

☐ Yes ☐ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives.

☐ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?

☐ Yes ☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

See attached files

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species

5. Identification of Tree(s) and Description of Works

- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Property (approx 12 acres) is subject to general TPO (believed ref TPO/A/4/75). Affected tree is a mature Oak which is adjacent to the camp site's shower / toilet block, (with guests approaching the facilities via a path situated between the tree and the building). Recent inspection has revealed a large void at the base of the main trunk. This appears to have been caused by internal rot / animal movements, the full extent of which cannot be readily determined (void measures approx 12 inches deep by approx 16 inches in height; tree base approx 40 inches diameter at ground level). The combination of this void, the indeterminate extent of internal rot and the tree's natural minor angle of lean towards the adjacent building are considered to be dangerous to both guests and the building, should the tree fail during a period of adverse weather. Works to fell tree.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☒ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒
