Dear Mrs Gardner,

RE: Land South of Littlehampton Road East of Worthing Road Angmering BN12 6PN

Thank you for your correspondence of the 25th of March 2022, advising me of a planning application for the erection of 76 No. dwellings, means of access, public open space, play areas, associated infrastructure & landscaping (resubmission following A/168/21/PL). This application is a Departure from the Development plan, is in CIL Zone 5 and is CIL Liable as new dwellings & affects a Public Right of Way at the above location, for which you seek advice from a crime prevention viewpoint.

The National Planning Policy Framework demonstrates the government's aim to achieve healthy, inclusive and safe places which are safe and accessible, so that crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion – for example through the use of attractive, well-designed, clear and legible pedestrian and cycle routes, and high-quality public space, which encourage the active and continual use of public areas.

With the level of crime and anti-social behaviour in the Arun District being average when compared with the rest of Sussex, I have no major concerns with the proposals, however, additional measures to mitigate against any identified local crime trends and site specific requirements should always be considered.

I have had the opportunity to examine the detail within the application and in an attempt to reduce the opportunity for crime and the fear of crime I offer the following comments from a Secured by Design (SBD) perspective. SBD is owned by the UK Police service and supported by the Home Office and Building Control Departments in England (Part Q Security – Dwellings), that recommends a minimum standard of security using proven, tested, and accredited products. Further details can be found at www.securedbydesign.com

Mrs Gardner
Planning Officer

I direct the applicant or their agent to our website at www.securedbydesign.com where the SBD Homes 2019 Version 2 document can be found. The Secured by Design scheme is a Police initiative to guide and encourage those engaged within the specification, design and build of new homes, and those undertaking major or minor property refurbishment, to adopt crime prevention measures. The advice given in this guide has been proven to reduce the opportunity for crime and the fear of crime, creating safer, more secure, and sustainable environments.

The development has outward facing dwellings which has created a good active frontage with the streets and the public areas being overlooked. The majority of parking has been provided on plot with visitor car parking spaces being dispersed throughout the development.

Where communal parking occurs, it is important that they must be within view of an active room within the property. An active room is where there is direct and visual connection between the room and the street or the car parking area. Such visual connections can be expected from rooms such as kitchens and living rooms, but not from bedrooms and bathrooms.

With regards to footpath design throughout the development I refer the applicant to the SBD Homes 2019 Version 2 document chapter 8.

With regards to cycle storage throughout the development - research by the 'Design against Crime Centre' suggests that cyclists should be encouraged to lock both wheels and the crossbar to a stand rather than just the crossbar and therefore a design of cycle stand that enables this method of locking to be used is recommended. Minimum requirements for such equipment: • Galvanised steel bar construction (minimum thickness 3mm), filled with concrete; • Minimum foundation depth of 300mm with welded 'anchor bar'.

In relation to the proposed LEAP & LAP - areas of play should be situated in an environment that is stimulating and safe for all children, be overlooked with good natural surveillance to ensure the safety of users and the protection of equipment, which can be vulnerable to misuse. They should be designed to allow natural surveillance from nearby dwellings with safe and accessible routes for users to come and go. Boundaries between public and private space should be clearly defined and open spaces must have features which prevent unauthorised vehicular access. I would ask that both the LEAP & LAP are surrounded with railings with self-closing gates to provide a dog free environment.

With regards to landscaping - careful selection of plant species is critical in order not to impede natural surveillance and avoid unnecessary high maintenance. Trees on appropriate route stocks can provide a more reliable means of reducing the likelihood of reducing natural surveillance. Trees may restrict the performance of street lighting or cause damage by collision with branches and should not be located within 5 metres of a light source. Account must be taken of the effects of seasonal variations. As a general recommendation where good visibility is needed shrubs should be selected to have a mature growth height no higher than 1 metre, and trees should have no foliage or lower branches below 2 metres which allows 1 metre field of view between them.

Finally, lighting throughout the development will be an important consideration and where it is implemented it should conform to the recommendations within BS5489-1:2020.

I would also ask you to note that Sussex Police is now exploring the impact of growth on the provision of policing infrastructure over the coming years and further comment on this application may be made by our Joint Commercial Planning Manager.

Thank you for giving me an opportunity to comment.

The Crime & Disorder Act 1998 heightens the importance of taking crime prevention into account when planning decisions are made. Section 17 of the Act places a clear duty on both police and local authorities to exercise their various functions with due regard to the likely effect on the prevention of crime and disorder. You are asked to accord due weight to the advice offered in this letter which would demonstrate your authority's commitment to work in partnership and comply with the spirit of The Crime & Disorder Act.

Yours sincerely

Miss Lee A Melbourne
