Description of works: Erection of 76 No. dwellings, means of access, public open space, play areas, associated infrastructure & landscaping (resubmission following A/168/21/PL). This application is a Departure from the Development plan, is in CIL Zone 5 and is CIL Liable as new dwellings & affects a Public Right of Way.

Thank you for your internet representation made on 5th April 2022 which has been recorded as an objection with the comments as follows:

OWPC46210

Ferring Conservation Group objects to this application. An almost identical one was refused in November last year, on these grounds: 1) the site is outside of the built up area boundary and the benefits of the development do not outweigh the harm; 2) the site is within the open countryside and is visually separate from the adjoining residential development with far ranging views across open countryside to the site. This is contrary to Angmering Neighbourhood Plan and the Arun Local Plan; 3) The application proposals are located within the East Preston to Ferring Settlement Gap.

All these reasons for refusal apply equally to the present application. We can now add that the increase in road traffic, added to the traffic from the 475-house estate at Chatsmore Farm, would have a severe impact on the local highway network. Ferring Residents would be very much affected by such a development.

The Council properly applied the tilted balance and concluded that the harm from the development would significantly and demonstrably outweigh the benefit. We ask the Council to adhere to that judgement and refuse this application. - Ed Miller (Secretary, Ferring Conservation Group)
