Good afternoon,

Thank you for your email.

Unfortunately, this application is still invalid as drawing no. 234.3 still does not measure to scale and the south elevation label appears to be incorrect. I have attached the drawing above, please review and amend accordingly.

Kind Regards

Dear Sirs,

Please find the revised plans and the biodiversity statement attached and also a fresh floor and elevation plans showing revised location for a set of French doors to the "office", I hope these can be substituted for the ones already submitted
