	Thermal Performance. Catalogue List Price = 1.8W/m²K, Range Available 1.8-1.1W/m²K										

Energy Rated window range available A Ultra – C. Oak windows available – price on application.

Nominal Width and Height:

Sizes quoted are all nominal and should be used for building design and layout. Where applicable these should also be used for brickwork openings and height coordination. Actual products will be supplied slightly smaller to provide a fitting allowance/brickwork clearance.

† For windows above 1350mm high, low level glazing units are supplied as tempered safety glass to satisfy BS 6262: Part 4: 1994. Windows shown with * can be supplied either hand. U Value for factory-glazed products with York Conservation Fret where applicable. ● Fire Egress when ordered with Butt Hinges or Fire Escape Projecting Hinges.
