Subject: Re: Representation on: A/52/20/PL at The Enchanted Florist

Amanda,

FYA:

To Whom It May Concern:

I visit Angmering Village frequently and know this vacant shop well. It was formerly a thriving newsagents but I fear the closing of the local BMW dealership, and changing tastes in tobacco, confectionery and newspaper consumption forced the business to close.

The premises subsequently became a florist but sadly it appears that this retail business also became unviable.

I could not be more supportive of this entrepreneurial application to change the use of this vacant shop to a bijou café. This type of business really enhances the street scene and provides huge social value to local businesses, residents and visitors.

In a time of unprecedented economic contraction, I do hope Arun District Council will be supportive of this application, which will unquestionably be of enormous community benefit.

Yours faithfully,
Mr Simon McCarthy.

Simon McCarthy
