Hi Ros

Further to our telephone conversation I have slightly adapted the application form, as we discussed.

Please do not hesitate to contact me if you require further information for registering our application.

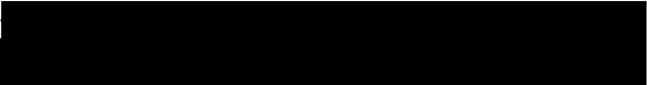

As I mentioned the DOV is required for regularising the site access arrangements, to bring the S106 into line with County requirements, as per our on-going discussions with Stephen Gee, WSCC and David Easton.

Best regards

Ian

Subject: Land North of Water Lane - Application to Modify S106 Agreement

Dear Rosalind

Please find attached our application to modify the S106 Agreement associated with the above site (copy attached). This application is submitted on behalf of our clients CALA Management Ltd and Bellway Homes Ltd.

Please can you advise on any further information required for registration. We will serve Notice on WSCC due to the area of land affected falling partly within the public highway.

Kind regards

Ian
