A/53/10/EIS
Land between Weavers Hill A280 and High Street Angmering

Thank you for consulting the National Park Authority regarding this Scoping Opinion. I am sorry for the delay in responding and hope that these comments will still be of use to you.

The site is outside of the South Downs National Park but the EIA would need to include a visual assessment from within the National Park boundary (eg the western slopes of Highdown). The possible impact on the setting of heritage assets including Highdown hillfort, the adjacent windmill and Ecclesden Manor should also be considered. Finally, there may be impacts on water resources within the National Park if there is to be additional abstraction from the chalk aquifers.

Regards

Nat Belderson
