Hi Damian

Thanks for your e-mail. Our correct telephone number is [REDACTED] – we have had this for over 18 months now, but it appears to be almost impossible to get Google to update their search results!

This application would not be looked at by our planning committee in enough time (next meeting on 1 July) but the Committee's usual stipulation would be that any proposed works should be supported by recommendations in an appropriate arboriculturist's report, which I note has already been submitted by the applicant, and comment made upon it by your own arboriculturist. I further note that the proposed works are required on safety grounds, particularly the removal of one limb of the red cedar. The Parish Council therefore has no grounds to object to the proposed works.

If you need anything further, please let me know.

Kind regards

Paul Barley

Dear Sir/Madam,

We appear to have a telephone number that is unobtainable for you [REDACTED]
[REDACTED] Perhaps you can call me to correct this on our system.

Also, do you have any objection to A/54/14/TC at St. Margaret's Church in Angmering? I am hoping to determine this today as it is the end of the consultation period and for a quicker decision, I need confirmation from you that you have no objection to the works.

Kind Regards,
Damian Sullivan
