Subject: A/55/19/PL

Dear Juan & Anita,
I have read Mr Stubbs's latest claims on the depth of the site plan for A/55/19/PL when he compares it to the depth of the neighbouring Ashurst to the south. Ashurst does not own the verge between their property and the road, it is

owned by Ham Manor Golf Club. The site plan of A/55/19/PL does include all the land to the road so the land depth is greater than Ashurst.

For the avoidance of doubt, the boundary of A/55/19/PL on the western (rear) boundary is not and will not be deeper than the western (rear) boundary of Ashurst.

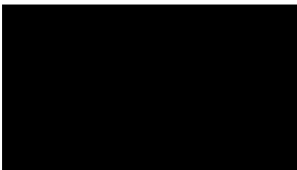

The plan of A/55/19/PL is an exact copy of the CLP permission and none of red line is in the protected "Green Space".

I am sure you will have already realised this and that Mr Stubbs's further objections have no merit but I thought it best to answer his issue.

Kind regards,

Richard B Smith
