 Littlehampton
 West Sussex
 BN17 5LF

Dear Mrs. Hatley

Rustington Golf Centre: New signage App. No. A/57/08/A

Further to our recent telephone conversation regarding the above project, please find enclosed a completed validation checklist; I would also confirm that the luminance level for the new and existing lighting is:

- Each fitting, both existing and proposed, comprises of a single 4'0" long 36 watt fluorescent tube with a luminance level of 3,350 lumens. This provides an even spread of light across the sign for its full width.

I trust that this information is satisfactory. Should you require any additional information, or wish to discuss anything further, please do not hesitate to contact me.

Yours sincerely

 Martin Henn
