Subject: A/57/22/DOC

Dear Planning,

I have considered the noise impact assessment prepared by AEA Sustainability Consultants dated 23rd March 2022 (Revised version) .

This report supported application made to discharge condition relating to A/40/18/OUT to provide noise mitigation scheme. The assessment was carried in accordance with best practice and provided the basis for the proposed noise mitigation scheme. Section 5.3 and 5.5 has sent out the mitigation measures and it is noted that the BS4142 assessment in respect of the façade facing the light industrial unit has shown to be -7dB and 0dB respectively. Based on these consideration, I can confirm that the requirements imposed by condition 9 has been satisfied. Accordingly, the condition may be discharged.

If you have any queries, please do not hesitate to contact me.

Regards

Chima Umunnakwe
