Subject: A/59/22/PL

Dear Planning,

I have considered the above application relating to variation of condition 4 imposed under A/74/13 relating to operation hours and use of external area.

I can advise that this application is NOT supported by Environmental Health. The applicant proposes to extend trading hours to 20.00 hours and using external area seem to me that such change could potentially render the resident properties on the opposite side of Vinery susceptible to excessive noise from the applicant's operations. The applicant doesn't seem to have considered additional noise mitigating address this potential problem. We feel that the present condition remain as originally imposed to ensure that the amenity of those residents who may be affected continue to be preserved.

I hope this helps.

Regards

Chima Umunnakwe
