NPPG	National Planning Practice Guidance

CONCLUSIONS

Principle

The proposed development is situated within the built up area boundary. Where the principle of development is acceptable subject to accordance with relevant development plan policies. As stated in SDSP2 the key policies considered are D DM1 and D DM4. The site is occupied by a semi-detached property with front and back gardens in a mixed design area.

Policy

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and locality.

Policy DSP1 of the Arun Local Plan sets out that all development proposals should seek to make efficient use of land but reflect the characteristics of the site and local area in their layout, landscaping, density, mix, scale, massing, character, materials, finish and architectural details.

Policy HD4 of the Angmering Neighbourhood Development plan seeks to ensure that development requiring planning permission which, by virtue of their materials, are inharmonious with the area, are refused.

Policy HD6 of the Angmering Neighbourhood Development Plan sets out criteria for the housing layout and design principles of proposed development. Proposals should demonstrate a high quality design, reflect local distinctiveness and incorporate local design features evident in buildings in the locality. Retention of trees and hedgerows is also encouraged.

Site history

No relevant history.

Design and Visual Amenity

The applicant seeks planning permission for the construction of a porch to the front of the established dwelling. The proposed porch will measure approximately 2.5m wide, 1.8m in depth and be built to the proposed height of 2.4m.

The proposed extension given its location will be visible from the street scene. However it is an extension of an existing porch and given its limited size will have an acceptable impact on the character of the host dwelling and the street scene.

The proposed extension is considered to appear subservient to the host dwelling and would not result in any adverse impact on the spatial pattern or character of the area and would therefore accord with the policies D DM1 and D DM4 of the Arun Local Plan.

Neighbouring Residential Amenity

The proposed porch will be located 3.8m from the eastern boundary and 6m from the southern boundary. On the front elevation of the porch there are 4 No. fixed glazed windows and 4 No. opening glass vents. On the Eastern elevation there are 2 No. Fixed glazed windows, 1 No. opening vent and 1 No. composite part glazed door. On the western elevation there are 2 No. fixed glazed windows and 2 No. opening vents.

These opening provide views to the front and are not greater than is already the case from the existing porch. Given the design and location of the extension it is not considered to give rise to adverse impacts in terms of overlooking, overshadowing and overbearing and is therefore deemed to accord with D DM1 and D DM4 of the Arun Local Plan.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.

RECOMMENDATION

APPROVE CONDITIONALLY

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans PP-07733200.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 **INFORMATIVE:** Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
