Hi Richard,

I have been looking at the application in more detail and reviewing the response from Engineers.

It would seem reasonable to allow more time for receipt of the clarifying information requested so that the submitted details can be understood. It may be that what has been submitted is acceptable, but it is difficult to assess the changes without them being highlighted. Are you able to provide a timeframe for receipt so that we can agree an EOT accordingly?

Thanks

Anita

Hi Richard,

Unfortunately, given that no additional drainage information has been submitted to date the application will proceed to refusal on Monday.

Hi Richard,
Do you have any update? I am conscious that the application expires in a week. Can we agree an EOT until 07-07-2020 to allow for receipt of additional information and re-consultation with Engineers?

Thanks

Anita

Dear Richard,
I have now received the comments of the Drainage Engineer who has requested the following :
'Please could the applicant highlight (on the drawings) as to what has changed in terms of the drainage design, since the approval of the original scheme associated with A/18/20/DOC and the referenced approved drawings. Please also supply all relevant drawings from the original approval that are still relevant.'
I would appreciate receipt of this additional information within the next 7 days.
Regards
Anita Gardner
